These challenges can make individuals with AS vulnerable to bullying. Bullying is the repeated, intentional, and unwanted aggressive behavior that is directed at an individual who is perceived as being different or vulnerable.

Bullying can have a significant impact on the physical, emotional, and academic well-being of individuals with AS. It can lead to feelings of isolation, depression, anxiety, and low self-esteem.

The good news is that there are things that can be done to prevent, intervene, and respond to bullying behavior. *Asperger Syndrome and Bullying: Practical Solutions for Surviving the Social* provides a comprehensive guide to help individuals with AS understand and cope with the challenges of bullying.
