The Ultimate Investment Classic, Now with Expert Insights from the Oracle of Omaha

For over eight decades, **Security Analysis** by Benjamin Graham and David Dodd has been the go-to guide for investors seeking to master the art of security analysis and value investing. Now, in its Sixth Edition, this investment bible has been meticulously updated with the latest insights and best practices, while retaining its timeless principles.

What sets this edition apart is the captivating foreword by none other than the legendary investor Warren Buffett. As the Chairman and CEO of Berkshire Hathaway, Buffett is widely regarded as one of the most successful investors of all time. In his foreword, Buffett shares his astute observations and invaluable advice, offering readers a unique glimpse into his investment philosophy.

A Comprehensive Guide to Investment Decision-Making

Security Analysis provides a comprehensive framework for making sound investment decisions. It covers a wide range of topics, including:

- The principles of security analysis
- How to conduct fundamental analysis of companies
- Advanced valuation techniques
- Portfolio management strategies
- The importance of margin of safety

Whether you are a seasoned investor or just starting out, this book offers practical guidance and actionable insights that can help you navigate the complexities of the financial markets and achieve your investment goals.

Expert Insights from Leading Investment Professionals

In addition to Buffett's foreword, the Sixth Edition of **Security Analysis** also includes contributions from other leading investment professionals. These experts provide real-world perspectives and insights on various aspects of investment strategy.

Some of the notable contributors include:

- Robert A. Hagstrom, author of "The Warren Buffett Way"
- Glenn Arnold, portfolio manager and author of "The Stock Market Course"

- Kenneth E. Thorpe, founder of the investment firm Tweedy, Browne Company

Their insights add depth and credibility to the book, making it an invaluable resource for investors of all levels.

Essential Reading for Aspiring Investors

Security Analysis has been a staple in the libraries of countless investors for generations. It is a timeless classic that continues to provide invaluable guidance and insights into the world of investing. If you are serious about building a successful investment portfolio, this book is an absolute must-read.

Finance and Investing

**"A roadmap for investing that I have now
been following for 57 years."**

—From the foreword by Warren E. Buffett

The 1940 edition of *Security Analysis* is considered the bible of value investing. McGraw-Hill continues its proud tradition with this new 1107-page edition that will serve as a touchstone for a new generation of investors.

The leading "Masters" of value investing have updated Graham and Dodd's classic work with more than 200 pages of new commentary.

- Seth A. Klarman, The Thompson Group, L.L.C.
- James Grant, Grant's Interest Rate Observer
- Bruce Greenwald, Columbia Business School
- Roger Ibbotson, Ibbotson & Sinquefeld
- Vincent S. Marks, Oaktree Capital Management, L.P.
- J. Eric Meckel, Gilberg Capital Group
- Bruce Berkowitz, Fifth Avenue Capital Management
- Glenn H. Greenberg, Chieftain Capital Management
- David Abrams, Abrams Capital Management
- Thomas A. Russo, Gardner Russo & Gardner

The accompanying CD-ROM contains chapters from the 1940 text.

"Benjamin Graham is the father of investment analysis. He popularized the idea of a credible professional business press led by the *Wall Street Journal*. He transformed the practice of financial analysis from trade secrets, dating with his groundbreaking book, *Security Analysis*, first published in 1934. The edition with new commentaries is now a 21st-century masterpiece, a legacy of every investment professional's work."

—Julius J. Hefflinger, CPA, president and CEO, FPA Institute
