Readers Spreads VS. Printers Spreads

Readers spreads show consecutive pages in two page spreads. They are in the correct order for someone to read the document.

Printer spreads are not in consecutive page order, they are in proper order so that when the document is printed, printed, assembled all the pages appear consecutively.

Readers Spreads

1	2
3	4
5	6
7	8

Printers Spreads

8	1
2	7
3	6
4	5

Helpful Note: Odd page numbers are always on the right. The page numbers when added together should equal 7 (or two more than the total page count). For example, for an 8 page book, printed spreads are 8 & 1, 2 & 7, 3 & 6, 4 & 5.
