Up From Slavery is an autobiography by Booker T. Washington, one of the most important figures in American history. Born into slavery in 1856, Washington went on to become a leading educator, civil rights activist, and advisor to presidents. His autobiography, first published in 1901, is a powerful and moving account of his life and work.

Up From Slavery Annotated is a special edition of Washington's autobiography that includes extensive annotations by noted historian Louis Harlan. These annotations provide context and insights into Washington's life and times, making this edition an essential resource for anyone

interested in American history, African American history, or the ongoing struggle for racial equality.

Here are just a few of the reasons why you should read **Up From Slavery Annotated**:

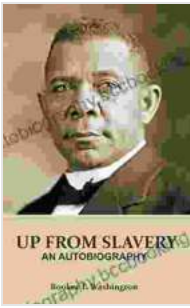

- **It is a firsthand account of one of the most important figures in American history.** Washington was a key figure in the fight for civil rights and education for African Americans. His autobiography provides a unique perspective on this important period in American history.
- **It is a moving and inspiring story.** Washington's autobiography is a powerful and moving account of his life and work. It is a story of hope, determination, and resilience.
- **It is meticulously researched and annotated.** The annotations by Louis Harlan provide context and insights into Washington's life and times, making this edition an essential resource for anyone interested in American history.

Whether you are a student of American history, an activist for racial equality, or simply someone who enjoys a good story, I highly recommend that you read **Up From Slavery Annotated**. It is a book that will stay with you long after you finish it.
