In the home, they were responsible for managing the household, raising children, and providing sustenance for their families. They mastered the art of spinning, weaving, and cooking, creating a foundation for their domestic lives.

Beyond the home, women also ventured into the workplace. They worked as midwives, teachers, and artisans, contributing to the economic and social fabric of their communities. Some even established their own businesses, defying societal norms and demonstrating their entrepreneurial spirit.

The lives of colonial American women were marked by both struggles and triumphs. They faced hardships such as poverty, disease, and the loss of loved ones. Many experienced the horrors of war and the displacement caused by westward expansion.

Despite these challenges, women displayed remarkable resilience and determination. They formed bonds of support with one another, providing a

network of community and strength. They also found solace and empowerment in religion, attending church services and participating in religious activities.

## **A Collective Portrait**
